

## Principals of Theatre Practice Research Paper 1

We have covered a lot of areas in this class so far and will continue to do so for the remainder for the term. In the various areas we have explored a number of topics, but some have only been discussed on a surface level. I would like you to explore a topic of your choosing in more detail

### Assignment:

Write a research paper, no less than 500 words on a topic within an area we have already covered in class. Go deeper than what was presented in my lectures. This is an opportunity for you, the student, to teach the teacher about something you are passionate about.

Please double space the document and use 12 point New Times Roman font.

Due December 5<sup>th</sup> by 11:59pm and should be emailed to [brandon.lettow@fscj.edu](mailto:brandon.lettow@fscj.edu)
